Parent Teacher Conferences
Homedale Middle School: November 16 1:30 - 7:30 pm
Homedale High School: November 23 3:30 - 7:30 pm
Please plan to attend!

Parent Portals!
24-7 Online Access to your student's academic information
Homedale School District has implemented a new student information system this year Lumen WeBSIS - which provides secure online access to student academic information. Parents, guardians, and students can access the information regarding a student's attendance, grades, and assignments via the web.

At November Parent-Teacher Conferences, login information will be available for parents at Homedale Middle School and Homedale High School. Parents of Homedale Elementary students will receive login information in their student's Friday Folder.

Free Tutoring for High School Students
Homedale School District is offering free tutoring to eligible Homedale High School students. [Click here for details.](#)

Parents: Help your kids avoid the H1N1 virus
The Homedale School District has been working closely with the Southwest District Health Department and other agencies regarding the H1N1 Influenza. On Friday, September 25, a letter was sent home to parents detailing some ways that parents can help reduce the spread of the flu. Please help your kids avoid the flu and help us assure a healthy learning environment for all the children we serve. [Click here to view or print the Parent Letter.](#)

VIEWING MY STUDENT'S INFORMATION (cont)

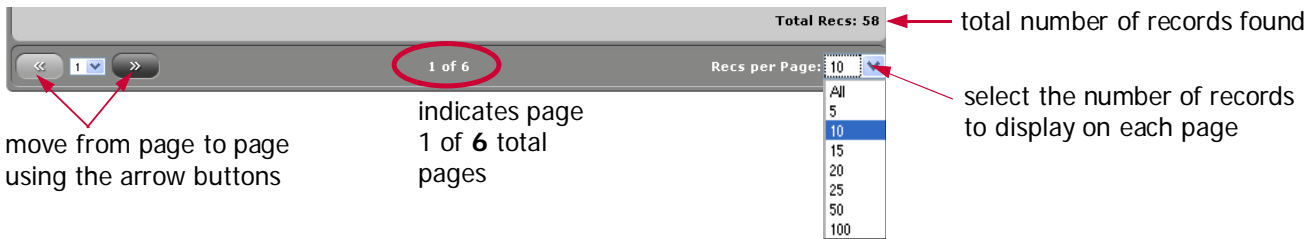

Attendance and Assignment information is listed by date. To change the date range:

- type in the desired date ranges
- click the button to display the calendar and select the desired date
- click the button and select a predefined date range (if available)

After entering the dates, click **search**

Sometimes there are more records to display than will fit on one page. At the bottom of a list, check the page information:

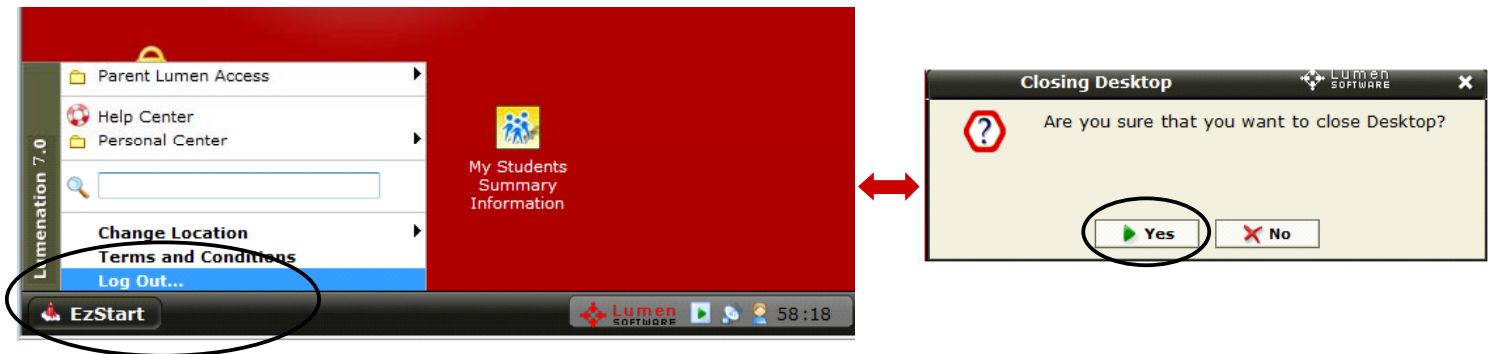

move from page to page using the arrow buttons

indicates page 1 of 6 total pages

select the number of records to display on each page

LOG OUT OF WeBSIS

Always **Log Out** of WeBSIS by clicking the EZStart menu and selecting **Log Out...** *before* closing the browser window. You will be prompted to confirm that you want to close the Desktop. **Click Yes**

When the login screen displays, it is safe to close the web browser window — **NOT** while still logged into WeBSIS.
